

Fire and Smoke Separations SS15/3 & SS15/5 Inspect - Maintain - Report - Issue 12A

Fire and Smoke Separations: Inspect - Maintain - Report - Issue 12A is a full day seminar which looks at Building Code Requirements, Fire Engineering Design requirements, passive systems, maintenance and what and where an IQP has obligations to inspect under the BWOFF Regime.

This seminar will include the purpose and theory of passive fire systems, how to approach the process of inspections, essential areas on inspection and why, a practical look at maintenance, when to change the Compliance Schedule, how to report and the process of issuing a Form 12A.

Designed to be both theory and interactive, the day will include technical presentation, four separate building case studies, latest fire stopping products and a practical workbook exercise and knowledge evaluation.

Attendees will receive an ABCTech Professional Development Certificate, seminar workbook and fact sheet with links to further information and professional development training.

Developed by ABCTech and recognised national expert in passive fire protection; Ron Green (Fire Group Consulting) this seminar is designed for Inspection Surveyors, IQP's, Council Officers, building owners and those interested in learning more about safety in buildings in respect to Passive Fire protection.
